Scope of Contract

Workstation PC's, Laptops, Tablet PC's, Printers, File/Print Servers, Mid-Range Servers, Storage Solutions, and PDA's are available for purchase under this contract.

Pricing listed on the web page for this vendor is the maximum price per single item. If you are in need of multiple units you can often achieve better pricing by sending this request to the contract's contact for a quote. The greater the quantity, and more standardized your configurations are, will reduce the quote. Also soliciting competing quotes among the different manufactures will also lead to more aggressive pricing.

This agreement is NOT for the purchase of major, large hardware or hardware and software offerings. Individual units/configurations may not exceed \$100,000 each. This is not a restriction on how many units/configurations can be purchased, but on the value of each individual unit/configuration.

Software listed on the HP webpage is not available under this contract and should not be purchased. Please see contracts MA-362, MA-371, MA-1448, and MA-1449 for off the shelf software.

Maintenance / Support Agreements

HP support agreements are covered by this contract. This includes support agreements for all "Unix" type of servers, such as the HP9000. The support agreement quote should list the WSCA discount on the last page or 14%. If your quote does not include this discount contact Dennis Woo at (800) 385-1115 X 56168.

Operating Systems

Perpetual Microsoft software licenses should be procured through contract AR1724 with Enpointe Technologies. Software orders are to be placed on a separate purchase order per instructions on that contract.

This contract covers only those items listed in the price schedule. It is the responsibility of the agency to ensure that other items purchased are invoiced separately. State agencies will place orders directly with the vendor (creating a PG in Finet) and make payments for the same on a PV referencing the original PG. Agencies will return to the vendor any invoice which reflects incorrect pricing.

Agencies are reminded to seek competitive quotes for any order containing numerous machines. The pricing reflected on the web site is the maximum price for a quantity of one unit.

Reseller Involvement

This contract provides for direct ordering, billing and payment to Hewlett Packard (HP). However, Hewlett Packard has business arrangements with resellers that HP has approved to provide pre and post sales support to this contract. Users are to create the purchase order to the name of HP but can reference a reseller number on the purchase order to allow credit to be given to a reseller that has provided additional sales support services. Conversely, no reseller number has to be indicated. No additional charges for reseller provided services are allowed within the scope of this contract. Orders may be placed directly with HP or can be give to an HP authorized reseller. All purchase orders are to be made out Hewlett Packard.
